Objective

B.Tech Computer Science student specializing in **Software Modelling and DevOps Engineering**. Experienced in developing scalable web applications and working with data pipelines. Strong foundation in Java, Python, SQL, and cloud-based systems with a focus on efficient problem-solving and system design.

Education

B.Tech in Computer Science Engineering (Software Modelling & DevOps)	2023–2027
KLEF, Andhra Pradesh	CGPA: 9.39
Intermediate (MPC - Mathematics, Physics, Chemistry)	2021–2023
Rajadhani Junior College	PERCENTAGE: 93%

Experience

Smart India Hackathon 2025	2025
- Collaborated in a team to design innovative solutions for real-world problem statements. - Applied problem-solving and analytical skills in a competitive environment.	
Data Engineering Intern (AWS - AICTE)	Apr–Jun 2025
- Designed and implemented ETL pipelines using Python and SQL for data processing. - Worked with structured datasets to perform cleaning, transformation, and integration.	
Android Developer Intern (Google - AICTE)	Jul–Sep 2025
- Developed mobile UI components and implemented application lifecycle features. - Improved understanding of Android architecture and user experience design.	
Web Development Intern (Prodigy Infotech)	Jun 2025
- Built responsive web applications using React, HTML, CSS, and JavaScript. - Optimized UI performance and improved debugging skills.	

Projects

Finance Management System	GitHub
- Developed a financial tracking application to monitor income and expenses. - Implemented data visualization features for better financial insights.	
TradeAI Pro	GitHub — Live
- Designed a stock analysis platform with interactive dashboards and visualization tools. - Integrated data-driven insights for better decision-making support.	
Sikkim Monasteries Digitization	GitHub — Live
- Built a tourism-focused web platform showcasing monasteries with modern UI design. - Improved accessibility and user engagement through responsive design.	

Skills

Languages: Java, Python
Web Development: HTML, CSS, JavaScript, React
Data Technologies: SQL, ETL
Tools & Platforms: Git, GitHub, AWS

Certifications

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate	Aug 2025
Salesforce Certified AI Associate	Oct 2024
Automation Anywhere Certified Essentials RPA Professional 2023	2023
Cambridge Linguaskill General (CEFR Level B2)	May 2024
